

For Congress

We are authorized to announce that BEN JOHNSON is a candidate for re-election to Congress from this, the Fourth Congressional District. Subject to the action of the Democratic Party.

Leaders in the Society of Equity become very indignant when an intimation is made to the effect that the society is responsible for the reign of terror now existing throughout the tobacco section of Kentucky. To say that the rank and file members are responsible or that they do not deplore the present state of affairs would be a great injustice to a large number of good citizens and we certainly do not wish to be understood to make such a charge. Some of the county's best and most honorable citizens are members of the Society of Equity. They joined when they believed they were aiding in a good cause and the original platform of the society is fair and reasonable. Its announced objects were worthy and designed to benefit the farmer. Equity and the cause have suffered at the hands of over zealous and unscrupulous leaders. Too many inflammatory speeches have been made. The idea has been put forth that the end must be accomplished regardless of the means employed. As a consequence an irresponsible and lawless element has been led to believe that it would be supported in these lawless acts. There is no denying the fact that these night riders are devoting their energies to carrying out the policies and plans of the Society of Equity; namely, the pooling of tobacco and the cutting out of the crop of 1908. To be sure the methods adopted for the accomplishment of these ends, by these midnight marauders are not such as will meet the approval of any good Equity man, but the results are there and it should teach the readers of that society the danger of advocating coercion in anything in a free country.

Mr. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cure me entirely." Foley's Kidney Cure works wonders where others are total failures. Sold by all Red Cross Drug Stores.

For Law and Liberty.

(Continued from page 1.) Judge I. H. Thurman in presenting the agreement which is published above made a strong plea on the situation in which he denounced in strong terms the methods and threats of those unknown individuals who are attempting to terrorize the good people of our country. Judge Thurman urged action on the part of the citizens and made some practical suggestions as to organizing some of which are embodied in the resolutions and agreement adopted. He said that the people of the county could well afford to spend \$5,000 if necessary to apprehend the writer of those anonymous letters. Judge Thurman promised to lend every aid possible in the work of protecting the citizens from the threatened depredations.

Rev. R. C. Lawson, pastor of the Presbyterian church, made a strong talk in which he deplored the condition which now exists in our proud old Commonwealth. He said that if the present state of affairs continued Kentuckians would be their heads in shame as the disgrace brought on the State by these lawless marauders. He announced that he was ready to respond to any call for assistance in the defense of property and home. Mr. Lawson admonished all to remember that the Lord reigns and to put trust in Him.

Rev. W. H. Williams pastor of the Springfield Baptist church, made a few remarks in which he

pledged his support to the effort for the suppression of lawlessness. He admonished the people to curb their passions and not to indulge the spirit of retaliation.

Rev. A. P. Lyon, 'Presiding Elder of this conference, of the Methodist church, was present and made a few remarks. He told of his experience at Hopkinsville, where the big raid was made by night riders. Rev. Lyon said that he denounced from his pulpit the work of these marauders in that section and that later on when the mob paid its visit to Hopkinsville the paragon in which he had lived was riddled with bullets. He had been changed to another charge by that time which fact he declared he regretted as he would have been glad to have been there to back up his denunciation of the lawless band.

Mr. W. C. McChord addressed the meeting at some length and told what he had done towards organizing the tobacco growers of the county and how on one occasion last fall he had turned back the "peace army" of tobacco growers which had formed at Pleasant Grove and were about to visit Springfield and the farmers of various tobacco growers through out the county for the purpose of persuading them to pool their tobacco. Mr. McChord was inclined to make light of the situation and seemed to think the people were unnecessarily alarmed over the sending of the threatening letters. Indeed he said that it appeared to be "much ado about nothing." Mr. McChord also said he would aid in the movement for the suppression of lawlessness. At the close of Mr. McChord's remarks Judge Thurman arose and said that he differed with Mr. McChord in his estimate of the threatening letters—that he would not get one and take it home to his wife for a thousand dollars if it could be prevented. Mr. Lewis also differed with Mr. McChord's views on that point and stated that in all of the night rider's raids in other parts of the state the visits of the marauders had in nearly every case been preceded by just such letters.

MEETING AT WILLISBURG. A big meeting of tobacco men was held at Willisburg on Saturday afternoon. A strong Law and Order League was formed and to judge from the interest displayed the people of that section are in earnest about defending their homes and property against any violence and are determined to plant a crop of tobacco if they see fit. Squire Nimrod Hendren was elected Chairman of the meeting and Mr. George Colvin made an especially strong speech in denouncing the acts of lawless men and urging all good citizens to join the Law and Order League for the protection of the liberty and property of the tobacco growers of the county.

A branch of the league will be formed in every precinct in the county and for that purpose meetings have been called. Below is a list of appointments made so far:

LAW AND ORDER

Meetings will be held and speeches made at the following places for the purpose of organizing branches of the Citizens Law and Order League of Washington county. All interested in the suppression of lawlessness and in the protection of their homes and property should attend.

Kennedy's Laxative Cough Syrup
—the cough syrup that tastes nearly
as good as maple sugar and which
children like so well to take. Unlike
nearly all other cough remedies, it
does not constipate, but on the other
hand it acts promptly yet gently on
the bowels, through which the cold is
forced out of the system, and at the
same time it allays inflammation. Al-
ways take Kennedy's Laxative Cough
Syrup. Sold by the Red Cross Drug
Store.

Miss Elizabeth Lee has re-
turned home after several months'
absence teaching school at Pros-
pect, Jefferson county.

Miss Willa McMillan who has
been taking a course in stenog-
raphy in Bowling Green has re-
turned home.

CLOCK TALK

In buying Clocks, the public regards the
outward appearance or show that the case
makes, without giving proper thought to its
mechanical perfection—the vital part of the
clock.
Clocks that do not keep perfect time are
an aggravation, and one that emits harsh
grinding sounds in striking is grating on the
nerves.
My clocks are mechanically perfect, and
are encased as elaborately as the prices
asked will allow.
First, the Mechanism;
Second, the Appearance
Third, the Price.
These three constitute a harmonious whole
that makes it to your best interest to buy
clocks here.
